OUR BRAND

Bredemeijer® is the global leader in double walled teapots, a legacy that began in the 1950s with the creation of the beloved 'Classic' teapot. Over the years, our collection of double walled teapots has expanded, firming our position as the largest producer worldwide. With decades of production experience Bredemeijer® knows exactly what it takes to create a high-quality teapot. To us, the design is just as essential as the functionality; after all, great tea deserves a well-made teapot to bring out the best flavours.

SUSTAINABILITY

Bredemeijer® creates products for everyday enjoyment, crafted with care to ensure a long-lasting experience. Built to endure years of use, our items are designed to be passed on to future generations. To support this, we share care tips and offer spare parts, helping customers extend the product's lifespan to enhance sustainability.

We're committed to shaping a sustainable future by taking responsibility for our production process. This includes reducing environmental impact and upholding fair working conditions. Our sustainability journey is ongoing, allowing us to contribute to a better world now and for generations to come.

COSY

The Cosy® teapot embodies elegance and charm, making it a long-time favourite among tea enthusiasts. This ceramic teapot features a stainless steel exterior and an insulating felt lining, creating a double wall that keeps tea warm and flavourful for longer. The Cosy® comes with a filter and a dishwasher safe inner pot for added convenience. For those who prefer a modern style, the Cosy® Manto offers the same functionality with sleek, clean lines.

GLASS

Glass teapots showcase the vibrant colours of tea beautifully. Bredemeijer®'s glass teapots are crafted from borosilicate glass, known for its heat resistance and durability, outlasting most other glass types. This material expands less when heated and contracts less when cooled compared to regular glass, making it ideal for serving tea. With glass teapots enjoying tea becomes a visual delight. To keep your tea at the perfect temperature, matching tea warmers are available.
