CHRISTMAS 2025

The winter and Christmas season is a time of joy and love, a time to celebrate with those we cherish most.
It is also a time to honor the traditions that have been passed down from generation to generation.
Some traditions are universal, such as decorating the tree, exchanging gifts, singing Christmas carols, and enjoying a festive meal.

Sirius winter and Christmas decorations offer a wide range of possibilities to decorate our surroundings inside and out and to give them a special atmospheric touch.

Here at Sirius, we love to celebrate the traditions of Danish Christmas
while renewing ourselves with a touch of modernism in our product range.
This year, the Sirius winter collection offers a wonderful mix of classic and colourful ornaments, mixed with a touch of fresh, modern Nordic design.

We wish you a merry Christmas

Multicharger

The Sirius Multicharger is essential to the Sirius rechargeable range. It enables the lights to recharge when they are low on battery. The small LEDs on the multicharger indicates the battery status of your light. Once the LED has turned from red to green, your Sirius product is ready to be used once again. Make sure to slide the button of the multicharger to select the correct charging function before placing the rechargeable lights on.

A GUIDE TO OUR THREE

Extendable Systems

THE DIFFERENCES

TOP-LINE ENERGY

TOP-LINE Energy is our new energy saving extendable system.

TOP-LINE

TOP-LINE is flexible and easier to use for decorative purposes.

TECH-LINE

TECH-LINE is more sturdy and the rubber makes it more resistant to rough weather.

GREEN ENERGY

A GUIDE TO OUR THREE

Extendable Systems

THE SIRIUS REMOTE

The SIRIUS remote is compatible with all our extendable systems. Control when and for how many hours your light chains should be turned on with the press of a button.

Top-Line Energy

The Top-Line Energy series is a new generation of light chains that have been designed for energy consumption to be ultra-low while still emitting the same brightness as the Top-Line light chains. Expandable up to 2400 leds, the product is easy to combine and offers a variety of options for decoration. Top-Line Energy is a new and innovative step towards a greener future without compromising on quality. You can combine the Top-Line-Energy products with the entire Top-Line series.

Top-Line Energy

The Top-Line Energy series is a new generation of light chains that have been designed for energy consumption to be ultra-low while still emitting the same brightness as the Top-Line light chains. Expandable up to 2400 leds, the product is easy to combine and offers a variety of options for decoration. Top-Line Energy is a new and innovative step towards a greener future without compromising on quality. You can combine the Top-Line-Energy products with the entire Top-Line series.
